

WORD SETTING 11:

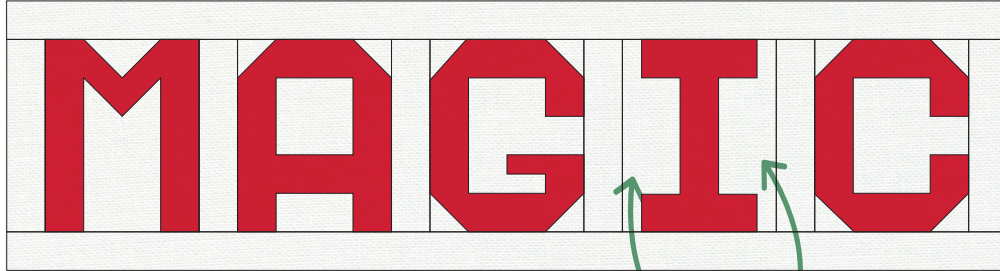

MAGIC

FINISH SIZE: 26" x 7"

(2) 1½" x 26½" for top/bottom borders

FABRICS SHOWN:

ACCURACY: If you prefer to piece larger borders and then cut the word block down to size, instead cut (2) 2" x 5½" sashings for the outer borders, and cut (2) 2" x 27" top and bottom borders. Once you've assembled the full word, trim the block to 26½" x 7½".

SPACING: There's an extra space built into the letter 'I' in order to make the finished letter 4" across. If you want, cut the (2) sashings either side of the 'I' only 1" x 5½" to visually have all the letters more evenly spaced. The block will finish 25" x 7" instead. Just a reminder, the lettering for this QAL is from the pattern-for-purchase **Mini Alphabet Quilt** by **Primitive Gatherings** (PRI 442). You can find the pattern at your local quilt shop (or they can order it for you), and select retailers have the pattern as a PDF download.

We're giving you the words assembly along the way every month, but if you want to work ahead, here's a summary of how to calculate your sizing:

A. Each Letter Finished = 4"x5"

B. Each Sashing between Letters Finished = 1"x5"

C. Each Top/Bottom border Finished = 1"x (width of letters + sashings)
