

## Cutting

Cut Square Once Diagonally

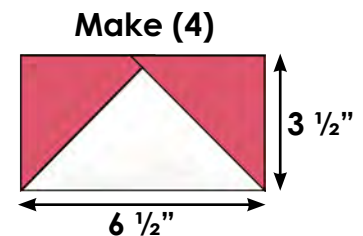

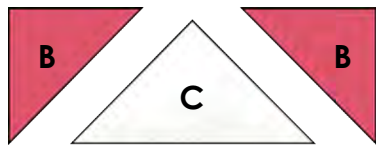

Cut Square Twice Diagonally

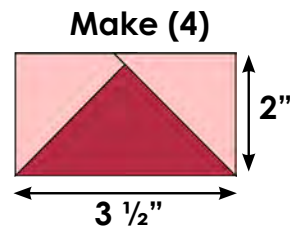

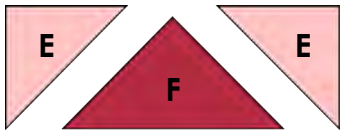

<b>A</b>	(4) 3 ½" squares.
<b>B</b>	(4) 3 ⅞" squares; cut each square once diagonally to make (8) B triangles.
<b>C</b>	(1) 7 ¼" square; cut the square twice diagonally to make (4) C triangles.
<b>D</b>	(4) 2" squares.
<b>E</b>	(4) 2 ⅜" squares; cut each square once diagonally to make (8) E triangles.
<b>F</b>	(1) 4 ¼" square; cut the square twice diagonally to make (4) F triangles.
<b>G</b>	(1) 3 ½" square.

## Assembly

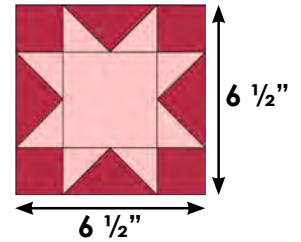

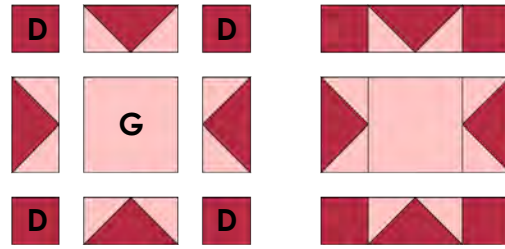

- Both small and large flying geese units are needed to create this block. Begin large flying geese unit assembly by placing (1) B triangle on either side of (1) C triangle as shown.
- Sew the B triangles to the C triangle one at a time using a scant ¼" seam. Press toward the corners.
- Trim large flying geese units to measure 3 ½" x 6 ½" unfinished. Repeat to make (4) identical large flying geese units.

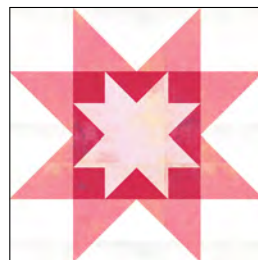

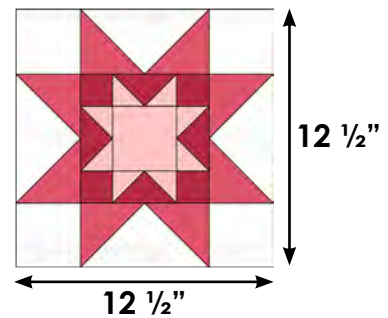

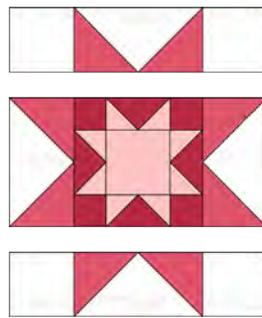

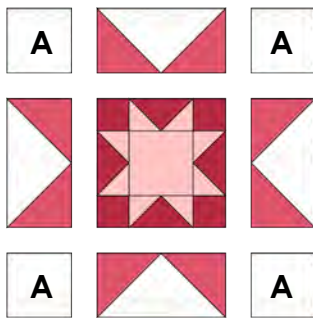

- Repeat flying geese unit assembly techniques to make small flying geese units. Gather (8) E triangles and (4) F triangles to make (4) identical small flying geese units measuring 2" x 3 ½" unfinished.

- Complete the block center star using (4) small flying geese units, (4) D squares and (1) G square. For all seams, press to the plain squares and away from the flying geese units.
- Once complete, the block center star should measure 6 1/2" x 6 1/2" unfinished.

- Complete the block using the block center star, (4) large flying geese units and (4) A squares. Sew together in rows. For all seams, press toward the block center star and the A squares.
- Sew rows together to complete the block. Block should measure 12 1/2" x 12 1/2" unfinished.

Be sure to share your block and progress online!
